Board of Trustees
LOUISIANA SCHOOL EMPLOYEES'
RETIREMENT SYSTEM

Post Office Box 44516
Baton Rouge, Louisiana 70804-4516

Ladies and Gentlemen:

This report is intended to present the results of the actuarial valuation of assets and liabilities, as well as funding requirements, for the Louisiana School Employees' Retirement System (LSERS) in effect as of June 30, 2014.

This report has been prepared in accordance with generally accepted actuarial principles and practices and to the best of my knowledge, fairly reflects the actuarial present value of accrued benefits of the Louisiana School Employees' Retirement System.

In preparing this valuation, I have relied upon the information provided by LSERS regarding plan provisions, plan membership, plan assets, census data and other matters as detailed in the exhibits of this report. In particular, I have relied upon the statement of assets as provided by Duplantier, Hrapmann, Hogan & Maher; Certified Public Accountants.

The present values shown herein have been estimated on the basis of the Entry Age Normal actuarial cost method as specified in Louisiana Revised Statutes Title 11 Section 22(5). In my opinion, the Actuarial Assumptions, which have been approved by the Board of Trustees, are appropriate and reasonable for the purposes of this valuation as disclosed in the Exhibit 5, and represents my best estimates of the anticipated experience under the plan.

Furthermore, I believe that the content of this report has not materially deviated from the guidance contained in the Actuarial Standards of Practice statement 27.

Board of Trustees
LSERS
September 23, 2014

A brief summary of the more important figures developed in this valuation, with comparable results from previous valuations are as follows:

	<u>June 30, 2014</u>	-----Prior Years-----	
		<u>June 30, 2013</u>	<u>June 30, 2012</u>
I. Membership Census			
1) Retirees	12,711	13,369	12,930
2) Actives	12,054	12,184	12,416
3) DROP	537	559	612

UNFUNDED LIABILITY

The Actuarial Valuation for the plan year ending June 30, 2014 discloses a decrease in the plan's Unfunded Actuarial Liability (UAL), which measures the deficiency of assets required to fund benefits that have been accrued. The assets are defined as the actuarial value of assets excluding Side Fund Accounts

The annual required contribution is the normal cost, plus an amortization payment of the UAL. The normal cost is the amount needed to fund that portion of the current year's benefit accruals for active members, plus the current year's administrative expenses. The normal cost is divided into three parts; the employee portion, the employer portion, both expressed as a percentage of payroll, and administrative expenses paid from investment income. Act 81 of the 1988 Legislative Session provides for the amortization of the initial UAL, plus subsequent changes in benefits, methods, or gain/loss experience.

The current valuation process discloses the source of any changes in actuarial assumptions, and gains/losses resulting from actual experience which differs from expected plan experience. Changes in actuarial methods, assumptions, benefit changes or plan experience are amortized as a level annuity. The amortization periods are in general; the later of the year 2029 or 30 years for methods, assumptions and experience changes; 10 years for benefit changes; and 5 years for employer contribution shortfall variances. Other amortization periods may be specified for specific legislation.

To assist the Board of Trustees in reconciling changes in the UAL, the following gain/loss analysis is presented as follows:

CHANGE IN UNFUNDED LIABILITY

Unfunded Liability 6/30/2013		\$ 911,099,504
INCREASES		
Interest on Unfunded Liability	\$ 66,054,714	
Experience Account allocation	20,787,326	
Amortization Conversion Account	19,640,033	
DROP/EA Account excess interest	3,216,914	
COLA to Retirees	16,346,105	
Adj. for 2013 COLA with interest	12,442,431	
Employer Shortfall Loss	823,919	
Incurred Increases	139,311,442	
DECREASES

Legislative Changes

ACT 399 effective 6/30/2014 (PBI/COLA) Reform:

This legislation reforms the criteria governing the administration of the Experience Account and the criteria required to grant (PBI/COLA)'s in the future as outlined below.

[Section 1]

This section addresses the following areas;

1. Excess investment returns to system debt
2. Excess investment returns to the Experience Account and limits thereto, and
3. When PBIs can be granted.

Excess Investment Returns - Allocation to Amortization Bases and Experience Account

Old Law		Act 399	
50%*	50%	50%**	50%
Experience Account Allocation	Gain Amortized (30 years)	Experience Account Allocation	Gain Amortized 30 years
up to 50% of all excess returns, until account reaches cap		up to 50% of all excess returns, until account reaches cap	Amortized 20 years after 85% Funded
No Hurdles		Gain applied to oldest amortization base	
		\$15M hurdle applied to the oldest amortization base without re-amortization.	
		Hurdle will increase each year by the % increase in actuarial value of assets	
Actuarial Valuation Rate ^ 7.25%		Actuarial Valuation Rate ^ 7.25%	

* Amount credited to experience account capped at the amount of reserve necessary to grant two (2) PBIs up to 3.0%.

** Amount credited to experience account capped at the amount of reserve necessary to grant one (1) PBI, until the system is 80% funded. Excess returns not credited to experience account applied to oldest amortization base.

The Hurdle is defined as the first \$15 million of excess investment return.

Exception: For the June 30, 2014 actuarial valuation half of the hurdle will be amortized over 5 years and applied as an employer credit with the remaining half applied to the oldest amortization base without re-amortization.

Board of Trustees
 LSERS
 September 23, 2014

Legislative Changes (continued)

OLD LAW			ACT 399			
System Funding	System earns at least 8.25%	System does not earn ARR	System Funding	Last COLA Granted	System earns at least 7.25%	System does not earn ARR
Less than 80%	Lesser of 3% or CPI-U	None	Less than 55%	N/A	None	None
80% or greater	Lesser of 3% or CPI-U	Lesser of 2% or CPI-U	At least 55% but less than 65%	None in preceding FY	Lesser of 1.5% or CPI-U	None
			At least 65% but less than 75%	None in preceding FY	Lesser of 2.0% or CPI-U	None
			At least 75% but less than 80%	None in preceding FY	Lesser of 2.5% or CPI-U	None
			80% or greater	None in preceding FY	Lesser of 3.0% or CPI-U	Lesser of 2% or CPI-U

Other Areas

- Board's Role in Granting PBIs: Board makes recommendation that it be permitted to grant a PBI; legislature approves in compliance with constitution; Board can't grant PBI without legislative approval.
- Maximum amount upon which PBI is calculated: \$60,000, adjusted with CPI-U increases.

[Section 2]

The first 7.5 million of excess return will be applied to the oldest amortization base, without re-amortization.

[Section 3]

The systems shall prepare and present to the House and Senate Committees on Retirement a report on the administrative and actuarial processes that will be applied in the implementation of this Act, submitted to the committees no later than November 14, 2014.

Board of Trustees
LSERS
September 23, 2014

Legislative Changes (continued)

ACT 103 effective PBI/COLA 6/30/2014:

This legislation provided a 1.5% permanent benefit increase (PBI/COLA) on benefits up to \$94,313, to all retirees who had attained age 60, disability retirees, and survivors of members who would have attained age 60; and had been retired for at least one year.

ACT 23 Amortization Conversion Account effective 6/30/2014:

The unused balance remaining in the experience account on June 30, 2013, after payment of a permanent benefit increase pursuant to ACT 103, will be credited to an amortization conversion account to supplement contributions required pursuant to Act 478, for the years July 1, 2014, through June 30, 2019. Effective June 30, 2019, all funds remaining in the amortization conversion account shall be amortized as a gain.

ACT 478 Level 30 years Amortization effective 6/30/2014:

This legislation provided for all outstanding amortization bases of LSERS to be consolidated and reamortized over a 30-year period with level dollar payments. The increase in the payment schedule for the first five years is to be funded from the Amortization Conversion Account created by ACT 23 above as follows:

(A) Experience Account Balance	
Prior Year Balance	\$ 31,668,697
ACT 103 distribution	-16,346,105
Accumulated Interest	<u>4,317,441</u>
Amortization Conversion Account Balance ¹	19,640,033

(B) Amortization Conversion Account
 Supplemental Contributions

<u>Fiscal Year</u>	<u>Supplemental Contribution</u>
2014-15	\$ 560,927
2015-16	3,359,318
2016-17	4,613,318
2017-18	4,267,895
2018-19	<u>2,278,309</u>
Total	15,079,767

(C) Residual amortized as a gain	
June 30, 2019	(A) - (B) = 4,560,266

¹Note: the Experience Account Balance is completely liquidated pursuant to ACT 23 and ACT 478 prior to the current year allocation of investment gains.

Board of Trustees
LSERS
September 23, 2014

Side Funds

Side funds are trust fund asset excluded from the Actuarial Value of Assets used to determine the employer current funding requirements. The trust now has two side funds; the Experience Account is used to accumulate allocations of investment gain sharing to fund permanent benefit increases (COLAs/PBIs) and the Amortization Conversion Account will be used to supplement employer contributions through June 30, 2019 which is required as part the changes enacted in ACT 23 and ACT 478 of 2014 which leveled amortization payments.

The account balances are managed as follows;

<u>EXPERIENCE ACCOUNT</u>	<u>June 30, 2014</u>	<u>June 30, 2013</u>
Prior Year End Balance	31,668,697	11,641,275
- COLA distributions	-16,346,105	-11,601,334
+ Accumulated Interest	4,317,441	1,402,015
- Amortization Conversion Account	<u>-19,640,033</u>	n/a
Balance after ACT 23	0	n/a
+ Allocation, lesser of net excess - 24,009,583 or 2.0% max PBI reserve - 20,787,326	-> <u>20,787,326</u>	<u>30,226,741</u>
Fund Balance - Year End	20,787,326	31,668,697
 <u>AMORTIZATION CONVERSION ACCOUNT (ACA)</u>		
Prior Year End Balance	0	n/a
+ Initial installment	19,640,033	n/a
- Employer contribution credit	<u>0</u>	<u>n/a</u>
Fund Balance - Year End	19,640,033	n/a
 <u>TOTAL SIDE FUND ACCOUNT BALANCES</u>	 40,427,359	 0

Funding Requirements

The annual required contribution is defined as the normal cost, plus an amortization payment of the Unfunded Actuarial Liability (UAL). The normal cost is the amount needed to fund that portion of the current year's benefit accruals for active members, plus the current year's administrative expenses. The normal cost is funded in three parts; employee portion and employer portion, both expressed as a percentage of payroll, and administrative expenses paid from investment income.

The projected employer contribution rate for the 2013-2014 plan year approved by the Board of Trustees and the Public Employees Retirement Systems Actuarial Committee (PERSAC) was set by at 33.0%.

The actual employer contribution rate determined by this valuation for the current plan year is 32.0%. Therefore, the current plan year should generate a contribution variance shortfall gain since projected approved rate overstates the valuation rate by 1.0%.

Disclosures

The "Pension Accounting and Financial Disclosure" Exhibit has been relocated to Exhibit 6 to accommodate the transition of the old Governmental Accounting Standards Board Statement (GASB)25/27 reporting requirements, which has been replaced with the new GASB Statement 67/68 reporting and disclosure requirements.

There were no changes to the actuarial assumptions or methods since the preceding measurement date which did incorporate my recommended changes adopted by the Board of Trustees contained in the five year Experience Study effective for the June 30, 2013 report. A copy of the detailed analysis of the development and recommendations in the study can be obtained from LSERS. The actuarial assumptions outlined in Exhibit 5 were used in the preparation of this report and are based solely on my recommendations to and adoption by the Board of Trustees.

The format of this report was designed with the intent of highlighting the pertinent results of the valuation's funding requirements while maintaining compliance with the Actuarial Standards of Practice.

I am a Fellow of the Conference of Consulting Actuaries (FCA), an Associate of the Society of Actuaries (ASA), an Enrolled Actuary #4199-14 with the Joint Board for the enrollment of Actuaries under ERISA, a Member of the American Academy of Actuaries (MAAA), and have met the Qualification Standards of the Academy necessary to render the actuarial opinions expressed in this report.

Should you have any questions or comments, please do not hesitate to contact me.

Sincerely,

Charles G. Hall, FCA,MAAA,ASA
Consulting Actuary

¹ Effective 7/1/2003 new DROP Accounts are credited with Money Market rates.

² Asset Smoothing Method changed effective 7/1/2013 as described in Exhibit 5.

EXHIBIT 3

CENSUS DATA

GENERAL COMMENTS

The data contained in this valuation is summarized on the following pages with exceptions noted below. The profile depicted in the cellular graphs represents the census data as of June 30th, which serves as the basis for determining costs and liabilities. Active members are allocated to cells based upon attained age and years of service. Retirees and Survivors are allocated to cells based upon attained age and years elapsed since retirement or commencement of benefits.

The validity of the results of any actuarial valuation is dependent upon the accuracy of the data base. Prior to processing, suspicious data and data containing errors were purged from the data base and processed separately based on error types such as:

- missing sex code
- missing or invalid date of birth
- missing or invalid date of employment
- missing or invalid salary
- invalid retirement dates

Records with missing or invalid data are resubmitted to LSERS for correction before processing.

This year an internal review and analysis of the actuarial data file, following a programming conversion, revealed a large number of deceased members (747) systematically reported as valid survivor records. Otherwise, there were no records purged from the database containing errors or categorized as suspicious data, which is consistent with the quality of data reported when compared to previous years.

Salary data contained in the profiles and valuation report exceed the amount reported by internal audit due the annualization of salaries. In the valuation process, membership data with fractional service in the first year of employment annualizes the salary.

Following a review of the submitted data, with consideration for prior year's data, it appeared to be of sufficient quality and consistency for preparation of this report. The following is a summary of the data submitted:

	---2014---	---2013---	---2012---
	<u>Census</u>	<u>Census</u>	<u>Census</u>
Active Members	11,473	11,599	11,816
After DROP	581	585	600
Regular Retirees	10,718	10,711	10,520
Disability Retirees	331	340	369
Survivors	1,662	2,318	2,041
Terminated Vested	413	355	339
DROP Participants	<u>537</u>	<u>559</u>	<u>612</u>
TOTAL	25,715	26,467	26,297

For June 30, 2014, the retiree and survivor data submitted did not include the PBI/COLA increase granted by ACT 103 of 2014

EXHIBIT 4

PRINCIPLE PROVISIONS OF THE PLAN
(Including Acts of 2013 Regular Session)

EFFECTIVE DATE:

July 1, 1947

EMPLOYEE:

Any school bus driver, janitor, custodian, maintenance employee, bus aide, monitor or attendant or other regular school employee helping with the transportation of school children, and who is a legal employee of a parish or city school board of the State of Louisiana.

EMPLOYER:

The State of Louisiana, or any parish or city school board from which any employee receives compensation.

**ELIGIBILITY FOR
PARTICIPATION:**

Contingent upon approval of application filed with the Board of Trustees within 90-days of the date of Employment. However, no employee who is a member of any other retirement system supported in whole or in part by public funds shall be entitled to membership in this retirement system.

SERVICE:

Service as an "Employee", defined above.

CREDITABLE SERVICE:

Prior service plus in-service, for which credit is allowed.

PRIOR SERVICE:

Service prior to July 1, 1947 for which prior service certificates are issued; granted without cost if certified.

MEMBERSHIP SERVICE:

Service as an "Employee" while a member of the system.

EXHIBIT 4 (Continued)
Principle Provisions

ADDITIONAL

CREDITABLE SERVICE:

1. Credit for service canceled by withdrawal of accumulated contributions may be restored by member by paying into system the amount withdrawn plus regular interest from date withdrawn until paid.
2. Maximum of 4 years of credit for military service may be purchased.
3. Conversion of Sick Leave and Annual Leave at retirement, or death may be converted to membership credit.
4. Part-time employees shall accrue a full year of creditable service for each full year of part-time service for benefit eligibility purposes.
5. Out of State service with other school systems may be purchased.

EARNABLE COMPENSATION:

The compensation earned by a member for any given period. Where compensation includes maintenance, the employing agency shall fix the value of that part of compensation not paid directly.

AVERAGE FINAL COMPENSATION:

The average annual earnable compensation of a member for the 36 highest successive months of employment or the highest 36 successive joined months of employment where interruption of service occurred (Effective 7/6/84); the average compensation of a member for purposes of computing benefits cannot increase more than 10% per year prior to 7/1/2006.

For those members hired on and after 7/1/2006, the period for determining final average compensation is extended from 36 months to 60 months, and cannot increase more than 15% per year after 7/1/2010.

ACCUMULATED CONTRIBUTIONS:

Sum of all amounts deducted from compensation of a member plus any interest credited to his individual account in annuity savings fund plus any other amounts credited to the member's account.

EMPLOYEE CONTRIBUTIONS:

- 7.00% of earnable compensation.
- 6.65% effective Sept.1, 1990 (Act 340 of 1990).
- 7.00% effective Jan. 1, 1992 (Act 375 of 1991).
- 6.35% effective July 1, 1992 (Act 248 of 1992).

- 7.50% effective July 1, 2001 (Act 897 of 2001), the current rate if hired before 7/1/2010.
- 8.00% effective July 1, 2010 (Act 318 of 2010), the current rate if hired after 6/30/2010.

EXHIBIT 4 (Continued)
Principle Provisions

EMPLOYER CONTRIBUTIONS:

"Normal contribution" rate plus "accrued liability contribution" rate, as determined by the actuary and Board of Trustees. Eff. July 1, 1985, 10.18%. Act 81 of 1988 requires employer rate to be actuarially determined annually.

RETIREMENT BENEFIT:

NORMAL RETIREMENT:

Eligibility:

Contingent upon written application to the Board of Trustees;

1. For members hired prior to 7/1/2010; attainment of age 60 and 10 years of accredited service, or age 55 and 25 years of accredited service, or at any age and 30 years of accredited service.
2. For members hired after 6/30/2010; attainment of age 60 and 5 years of accredited service

Benefit:

1. For members hired prior to 7/1/2010; Act 897 of the 2001 regular legislative session increases the accrual rate to 3 1/3% for all years of service.
2. For members hired after 6/30/2010; Act 318 of the 2010 regular legislative session sets the accrual rate at 2 1/2%.

EARLY-REDUCED RETIREMENT:

Eligibility:

20 years of service credit regardless of attained age.

Benefit:

Normal retirement benefit based upon service accrued to date, actuarially reduced from the earliest date member would be eligible if employment had continued to earliest normal retirement date.

COST OF LIVING BENEFITS:

Prior to July 1, 1970 The Board may grant supplemental COLA not in excess of 2% from investment income, minimum \$20 per month.

After July 29, 1970 Board may grant supplemental COLA not in excess of 3% from investment income, minimum \$30 per month.

Currently Cost-of-living raises may be granted from the Experience Account provided there are sufficient funds needed to offset the increase in the actuarial liability and the plan has met the criteria and eligibility requirements of ACT 399 of 2014.

EXHIBIT 4 (Continued)
Principle Provisions

DISABILITY RETIREMENT:

Eligibility:

5 years of creditable service; certification of disability by medical board (medical examination required once in every year for the first 5 years of disability retirement, and once in every 3 years thereafter, until age 60).

Effective 7/1/2006, Act 578 of 2006 changed the requirements for disability retirement from 5 years of creditable service to 10 years.

Benefit:

For members hired prior to 7/1/2010;

A pension equal to 2 1/2% of average final compensation times the years of creditable service, plus two dollars per month for each year of credited service supplemental benefit, not to exceed final average compensation. Act 500 of 1989 provides a minimum disability benefit of 33 1/3% of average final compensation.

For members hired from 7/1/2006 to 6/30/2010;

A pension equal to the accrued retirement benefit at a 3.0%, plus supplement.

For members hired after 6/30/2010;

A pension equal to the accrued retirement benefit, plus supplement, without reduction for age.

SURVIVOR'S BENEFITS:

Eligibility:

1. Surviving Spouse with minor children of;
 - an active member with 5 years of creditable service with at least 2 years earned immediately prior to death or,
 - a member with 20 years of service at the time of death.
2. Surviving Spouse without minor children of;
 - an active member with 10 years of creditable service with at least 2 years earned immediately prior to death or,
 - a member with 20 years of service at the time of death.
3. Minor children with no spouse or spouse without legal custody of;
 - an active member with 5 years of creditable service with at least 2 years earned immediately prior to death or,
 - a member with 20 years of service at the time of death.
4. Beneficiary not eligible for (1), (2) or (3)

Act 992 of 2010 includes in the list of eligible survivors, handicapped children, and mentally disabled children.

EXHIBIT 4 (Continued)
Principle Provisions

Benefits:

For members hired prior to 7/1/2010;

1. Greater of 75% of member's final average compensation or \$300 per month. Benefit ceases upon remarriage if less than 20 years of service and less than age 55.
2. Greater of 50% of member's final average compensation or \$200 per month. Benefit ceases upon remarriage if less than 20 years of service and less than age 55.
3. Greater of 75% of member's final average compensation or \$300 per month.
4. Return of member's accumulated contributions.

For members hired after 6/30/2010;

1. Greater of 50% of member's final average compensation or \$600 per month. Benefits cease upon remarriage and resume upon subsequent death or divorce of spouse.
2. Members accrued benefit at death.
3. Each child (not to exceed 2) receives 50% of the benefit payable in (1) above.
4. Return of member's accumulated contributions.

NOTE: Permanently disabled children of a deceased member, regardless of age, who are dependent upon a surviving spouse or legal guardian shall be payable in accordance with minor children benefits of this section. The benefit payable is reduced to an amount which when added to the state assistance does not exceed the maximum survivor benefit payable.

OPTIONAL FORMS
OF BENEFIT:

In lieu of receiving normal retirement benefit, member may elect to receive actuarial equivalent of retirement allowance in a reduced form as follows:

Option 1 - If a member dies before receiving present value of annuity in monthly payments, balance paid to designated beneficiary

Option 2 - Reduced retirement allowance, if member dies, to be continued to designated beneficiary for his lifetime

Option 3 - 1/2 of reduced retirement allowance, if member dies, to be continued to designated beneficiary for his lifetime

Option 4 - benefits of equal actuarial value may be elected with approval of board

Initial Benefit Retirement Plan - Maximum benefit actuarially reduced for partial lump-sum equal to not more than 36 months of maximum pension.

The normal form and options 1-4 can be elected in the form of an increasing annuity which permits the member to make an election at retirement to receive an actuarially reduced benefit which increases 2.5% annually. The increases begin on the 1st retirement anniversary date, but not before the retiree attains age 55 or would have attained age 55 for a surviving spouse.

NOTE: Revisionary annuities are available for Option 2, Option 3 and Option 4, which provides a return to the maximum benefit if the spouse predeceases the retiree.

EXHIBIT 4 (Continued)
Principle Provisions

REFUND OF CONTRIBUTIONS:

If a member ceases to be eligible, except by death or retirement, he shall be paid such part of the amount of the accumulated contributions credited to his individual account in annuity savings fund as he shall demand, plus any accumulated interest.

WITHDRAWAL AFTER 10 YEARS
OF CREDITABLE SERVICE:

Any member hired prior to 7/1/2010 with credit for 10 years of service who withdraws from service, 5 years if hired after 6/30/2010, may elect to leave accumulated contributions in system until age 60. At that time the member may apply for a retirement benefit based on the credits he had at date of withdrawal.

COST OF LIVING ADJUSTMENT (COLA) / PERMANENT BENEFIT INCREASE (PBI):

HB 658 of 2007 establishes an Experience Account which, is credited with 50% of the investment experience gain in excess of \$15 million (indexed), but subject to maximum accumulation limitations based upon the Plan's funded percentage, and debited with 50% of the net investment experience loss. Balances in the experience account accrue interest at the average actuarial yield for the System portfolio. Once the balance of the Experience Account accumulates a sum sufficient to grant retirees a COLA/PBI, the Board may grant the COLA/PBI on benefits up to \$60,000 (indexed), not to exceed the lesser of the CPI-U or the funded level percentage attained, provided a COLA/PBI had not been granted in the prior year. Benefits are restricted to disability retirees and those retirees and beneficiaries who have attained the age of 60 and have been retired for at least one year. Maximum limitations are outlined in ACT 399 of 2014.

DEFERRED RETIREMENT OPTION PLAN:
(Act 56 of 1991)

Instead of terminating employees and accepting a service retirement allowance, any member who has met the following eligibility requirements may elect to participate in the Deferred Retirement Option Plan (DROP) and defer receipt of benefits.

Eligibility:

Ten (10) years at age sixty (60), twenty five (25) years at age fifty-five (55), or thirty (30) years of creditable service including reciprocal service, but excluding conversion of sick and annual leave, and eligible to receive a service retirement allowance. However, all unused sick and annual leave is convertible after plan participation when member has terminated employment.

Benefit:

Duration of participation is specified and cannot exceed the period terminating on the third anniversary at the earliest date the member qualified for regular retirement.

Upon termination of employment at the end of or prior to the end of the specified period of participation, a participant will receive, at his option:

EXHIBIT 4 (Continued)
Principle Provisions

Benefit (continued):

- (1) lump sum payment (equal to the payments to the account)
- (2) a true annuity based upon his account; or
- (3) any other method of payment if approved by the board of trustees. Monthly benefits being paid into the fund during participation will begin being paid to the retiree.

If a participant dies during the period of participation in the program, a lump sum payment equal to his account balance shall be paid to the beneficiary, or if none, to his estate; in addition, normal survivor benefits payable to survivors of retirees shall be payable.

If employment is not terminated at the end of the specified period of participation, then:

- (1) payment into account shall cease
- (2) payment from account shall not be made until employment is terminated and
- (3) the participant shall resume active contributing membership in the system

Then, upon termination of employment, the benefit payments indicated above shall be paid. The participant shall receive an additional retirement benefit based on additional service rendered since termination of participation in the fund, usually the normal method of computation of benefit subject to the following:

- (1) If additional service was less than 36 months, average compensation figure used to calculate additional benefit shall be that used to calculate original benefit.
- (2) If additional service was 36 or more months, the average compensation figure used to calculate the additional benefit shall be based on compensation during the period of additional service, if greater than that used to calculate the original benefit.

For those members hired on and after 7/1/2006, the period for determining final average compensation is extended from 36 months to 60 months.

NOTE: DROP Accounts shall earn interest subsequent to the termination of DROP participation at a rate of half of one percentage point below the percentage rate of return of the System's investment portfolio as certified by the actuary on an annual basis.

Effective 1/1/2004 new DROP accounts are credited with Money Market rates or self directed accounts approved by the Board of Trustees.

INTENTIONALLY LEFT BLANK

EXHIBIT 5

ACTUARIAL COST METHODS AND ASSUMPTIONS

COST METHOD:

La. R.S. 11:22(B.)(5), prescribes the "Entry Age Normal" cost method to be used to calculate the funding requirements of the retirement system. Under this cost method, the actuarial present value of projected benefits of each individual included in the valuation is allocated on a level basis as percentage of payroll for each participant between entry age and assumed retirement age(s). That portion of the actuarial present value attributable to current year benefit accruals is called the Normal Cost. The actuarial present value of future benefits in excess of the actuarial present value of future normal costs is called the actuarial accrued liability.

The valuation and measurement of all events occur at mid-plan year.

ASSET VALUATION:

For the Plan Year ending prior to July 1, 1999 equities are valued at a four year weighted average. The computation of the actuarial value of assets is the sum of the bonds at amortized cost, less a weighted average of unrealized losses or (gains) in the market value of equities, plus the market value of Equities.

For the Plan Year beginning July 1, 1999 the Board of Trustees approved a change in the Asset Valuation Method which adjusts the market value of assets to a four year weighted average in the unrealized gain or loss in the value of all assets. This value was subject to Corridor Limits of 80% to 120% of the Market Value of Assets.

For the Plan Year beginning July 1, 2013 the Board of Trustees approved a change in the Asset Valuation Method which adjusts the market value of assets to a five year weighted average in the unrealized gain or loss in the value of all assets relative to the valuation rate. This value is subject to Corridor Limits of 85% to 115% of the Market Value of Assets.

ACCOUNTING DISCLOSURE:

The Governmental Accounting Standards Board Statement No. 25 and No. 67 requires disclosure of certain actuarial liabilities for Public Employee Retirement Systems. The disclosures illustrated in Exhibit 6 are developed using the Entry Age Normal cost method. The statement of assets provided by the independent auditors was a copy of the final draft prior to publication. Should the statement of assets received differ from the final audit report, a revised actuarial statement will be issued to the extent that any difference in reporting affects the employer's contribution rate or the yield to the Actuarial Value of Assets.

ACTUARIAL ASSUMPTIONS:

The Retirement System is required to conduct an experience study every five years, but the scope of such a study is not necessarily limited to a five year period. The five year observation period (2008-2012) ran consecutive to the prior (2003-2007) study. The Board of Trustees approved the recommended changes in actuarial assumptions on May 21, 2013, effective July 1, 2013. A copy of the Study containing a detailed development of the assumptions with recommendations is available at the retirement office.

EXHIBIT 5 (Continued)
Cost Methods & Assumptions

MORTALITY ASSUMPTIONS:

Pre-retirement deaths and post-retirement life expectancies were projected in accordance with the experience of the RP-2000 Sex Distinct Mortality Table.

DISABILITY ASSUMPTION:

Rates for total and permanent disability were projected in accordance in accordance with the experience of the RP-2000 Sex Distinct Disability Mortality Table.

RETIREMENT/DROP ASSUMPTION:

The (2008-2012) Experience Study updated retirement rates are based on age and service eligibility requirements for normal benefits. Age and service requirements vary by plan. DROP is viewed as an alternative form of benefit accrual since mandatory termination is not required following participation. Therefore, at eligibility, the probability of DROP accrual is determined in conjunction with regular benefit accrual. Retirement rates and DROP probabilities are based on the most recent (2008-2012) Experience Study and are illustrated in the rate tables at the end of this exhibit.

TERMINATION ASSUMPTIONS:

Voluntary termination or withdrawal rates are based upon the most recent Experience (2008-2012) Study and are illustrated in the rate tables at the end of this exhibit.

Generally during the first five years of employment, there is a higher incidence of voluntarily terminating. In prior valuations this "select period" adjusted the probability of termination using multipliers applied to the "ultimate rate". Over the last two Experience Study observation periods (2003-2012), the select rates have converged with the ultimate rates. Therefore, the select rate multipliers have been eliminated.

For members terminating with less than twenty (20) years of service, it is assumed that 80% will withdraw their accumulated employee contributions. For members terminating with twenty (20) or more years of service, it is assumed that only 30% will withdraw their accumulated employee contributions. The remaining are assumed to receive a deferred vested retirement benefit

SALARY GROWTH:

The (2008-2012) Experience Study updated the salary growth rate to reflect more moderate longevity increases and inflation at 2.75%. The annual salary growth rates are base upon the members' years of service and are illustrated in the rate tables at the end of this exhibit.

COST-OF-LIVING:

Cost-of-living raises or Permanent Benefit Increases (PBI) may be granted from the Experience Account provided there are sufficient funds needed to offset the increase in the actuarial liability and the plan has met the criteria and eligibility requirements outline by ACT 399 of 2014. COLA's/PBI's are considered Ad Hoc raises and therefore, no projections for future increases are considered in the liabilities.

EXHIBIT 5 (Continued)
Cost Methods & Assumptions

FAMILY STATISTICS:

The composition of the Family was based on Age Specific Fertility Rates from the 2007 Vital Statistics of the United States. 80% of the membership was assumed to be married with the wife assumed to be three (3) years younger than the husband. Sample rates are as follows:

<u>Age at Death</u>	<u>Number of Minor Chn.</u>	<u>Years for Youngest Child to Attain Majority</u>
25	1.2	17
30	1.4	15
35	1.7	13
40	1.7	10
45	1.4	8
50	1.1	4

Accumulated Leave Policies:

Retirements are monitored to determine the amount of leave converted to service credit. Leave credit is accrued throughout the duration of the member's career. The average service credit converted is expressed as a percentage increase of the accrued benefit as follows:

School Employees	3.0%
------------------	------

ASSUMPTION FOR INCOMPLETE DATA:

Records identified as containing suspicious data or errors in data were assumed to possess the same characteristics of "good data" in the same cohort.

INVESTMENT EARNINGS:

For the 1990-1991 plan year, the Public Retirement Systems' Actuarial Committee increased the valuation rate assumption to 7.5% from the system's actuary recommended rate of 7.0%, net investment expenses. The (2008-2012) Experience Study recommended a reduction to 7.25% based upon reductions in the inflation forecast at 2.75% and an overall reduction in Capital Market for the System's portfolio.

The Board of Trustees adopted the 7.25% discount rate effective for the June 30, 2014 valuation report.

ADMINISTRATIVE EXPENSES:

Expenses are assumed to be \$4,500,000 per year. Although generally considered part of the plan's Normal Cost, by Statute, is funded by interest income and therefore is treated annually as a contribution experience loss, amortized over thirty years.

EXHIBIT 5 (Continued)**Cost Methods & Assumptions**ACTUARIAL TABLES AND RATES

**PENSION ACCOUNTING
AND
FINANCIAL DISCLOSURE**

GASB Statements 25/27 Disclosure:

The Governmental Accounting Standards Board (GASB) was established as an arm of the Financial Accounting Foundation in April 1984 by amendment to the Foundation's certificate of incorporation and by-laws. GASB's objective at the time was to promulgate standards of financial accounting and reporting relative to the activities and transactions of state and local governmental entities, based upon the actuarial methods adopted for valuation purposes. The following disclosures and statistical tables are in accordance Statements No. 25 and 27.

SCHEDULE OF FUNDING PROGRESS

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial ¹ Accrued Liability(AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Payroll ((b-a)/c)
2005	1,423,206,908	1,889,444,622	466,237,714	75.3	259,232,455	179.9
2006	1,480,748,380	1,872,594,265	391,845,885	79.1	239,320,589	163.7
2007	1,558,328,021	1,947,603,013	389,274,992	80.0	259,044,840	150.3
2008	1,578,991,310	2,060,241,891	481,250,581	76.6	289,528,924	166.2
2009	1,410,315,974	2,153,359,512	743,043,538	65.5	315,400,589	235.6
2010	1,350,072,547	2,213,362,198	863,289,651	61.0	306,332,902	281.8
2011	1,349,829,757	2,254,351,456	904,521,699	59.9	296,693,950	304.9
2012	1,403,463,883	2,278,472,127	873,008,244	61.6	277,191,001	315.7
2013	1,492,914,745	2,404,014,249	911,099,504	62.1	290,013,756	314.2
2014	1,631,618,702	2,438,251,413	806,632,711	66.9	274,347,650	294.0

The total actuarial accrued liability determined using the Individual Entry Age Normal Cost Method increased by \$31,912,842 from June 30, 2013 to June 30, 2014.

From all other sources, there was a net experience gain of \$81,635,532.

Fiscal year gains/losses are summarized on page 3 under "Change in Unfunded Liability".

¹Actuarial valuation rate changed from 7.50% to 7.25% effective July 1, 2013

SUPPLEMENTARY INFORMATION

SCHEDULE OF EMPLOYER CONTRIBUTIONS

<u>Fiscal Year</u>	<u>Actuarial Required Contribution</u> ¹	<u>Percent Contributed</u>	<u>Annual Pension Cost (APC)</u> ¹	<u>Actual Contribution</u> ¹	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
2005	46,187,680	61.0	42,775,863	37,753,893	88.3	24,839,140
2006	50,768,224	85.6	45,648,519	43,458,220	95.2	27,029,439
2007	46,711,648	108.1	39,949,441	50,489,918	126.4	16,488,962
2008	50,003,327	103.5	43,384,440	51,765,697	119.3	8,107,705
2009	57,895,311	96.2	51,083,424	55,715,529	109.1	3,475,600
2010	75,027,998	71.0	72,228,043	53,297,405	73.8	22,406,238
2011	88,620,630	82.3	83,953,974	72,917,767	86.9	33,442,445
2012	92,137,088	89.7	86,223,728	82,687,131	95.9	36,979,042
2013	91,531,548	99.9	84,507,050	91,411,022	108.2	30,075,070
2014	97,189,040	93.9	87,627,737	91,304,668	104.2	9,024,422

Analysis of the percentage contributed over a period of years will give a relative indication of the funding progress for the liabilities of the Louisiana School Employees' Retirement System.

The difference between the Actuarial Required Contribution and the APC is the amortization payment for the Net Pension Obligation.

**DEVELOPMENT OF NET
PENSION OBLIGATION:**

(1) Actuarial Required Contribution	\$ 97,189,040
(2) Interest on Net Pension Obligation	2,180,443
(3) Amortization of Net Pension Obligation	11,741,746
(4) Annual Pension Cost (1)+(2)-(3)	87,627,737
(5) Employer Contribution	91,304,668
(6) Increase (decrease) in Net Pension Obligation	-3,676,931
(7) Reamortized net existing NPO	-17,373,717
(8) Net Pension Obligation Beginning of Year	30,075,070
(9) Net Pension Obligation End of Year (6)+(7)	9,024,422

¹ Actuarial Contributions, the Annual Pension Cost (APC), and the actual employer contribution made have been adjusted with interest at the valuation rate to the end of the fiscal year in accordance with GASB's Statement No. 27, paragraph 21.

GASB Statements 67/68 Disclosure

The Governmental Accounting Standards Board Statement #67 and Statement #68 replace the prior reporting requirement GASB Statements #25 and Statement #27 and establishes financial reporting standards for state and local pension plans administered through trusts. The required actuarial disclosures are presented as follows:

STATEMENT OF EMPLOYERS' NET PENSION LIABILITY

	<u>June 30, 2014</u>	<u>June 30, 2013</u>
Total Pension Liability (TPL)	\$ 2,438,251,413	\$ 2,404,014,249
Plan Fiduciary Net Position	<u>1,857,367,056</u>	<u>1,641,164,883</u>
Employers Net Pension Liability (NPL)	580,884,357	762,849,366
Plan Fiduciary Net Position as a percentage of Total Pension Liability	76.2%	68.3%
Covered Employee Payroll	274,347,650	290,013,756
Employers Net Pension Liability as a percentage of Covered Employee Payroll	211.7%	263.0%

GASB Statements 67/68 Disclosure

ACTUARIAL ASSUMPTIONS

All actuarial methods and assumptions outlined in Exhibit 5, pages 35-39 are in compliance with the new GASB disclosure requirements with the following clarifications.

- Asset value for GASB 67/68 disclosure purposes is Market Value (Exhibit 2, page 17).
- The GASB Net Pension Liability (NPL) is the difference between the actuarial accrued liability (Exhibit 1, page 11) and the Market Value of assets
- The discount rate utilized to determine the NPL is the same as the valuation rate set at 7.25%. The discount rate may deviate from the valuation rate of 7.25% from year to year based on changing market conditions or changes in plan Asset Allocation and is subject to the Cross-Over Point criteria adjustments outlined on the following page. For this year, the discount rate was developed from a combination of the plan's investment consultant's (Segal Rogerscasey) capital market assumptions and those from eight other consultants participating in the Horizon Actuarial Consultants "Survey of Capital Market Assumptions", plus the following considerations:
 - a) The long term economic forecasts for inflation is projected to be 2.75%
 - b) Investment management expenses adjust the gross rate by 26 basis points and are considered as an offset in the development of the discount rate.

Note: Administrative expenses by statute are paid from investment income and average 10-15 bps, but are not considered as an offset in the development of the discount rate.

COLA's are funded from up to 1/2 of investment gains in excess of the valuation rate. COLA's are not guaranteed therefore there is no adjustment to the discount rate.

- c) Based on the most recent long term Capital Market Assumptions published and the current Plan's portfolio Asset Allocation by asset class, the projected gross rate of returns net of investment expenses are indicated as follows;

<u>ASSET CLASS</u>	<u>POLICY ALLOCATION</u>	<u>PROJECTED RETURN</u>
Domestic Bonds	10.00%	4.52%
Emerging Markets Bonds	7.00	6.46
High Yield Bonds	5.00	6.55
Inflation Linked Bonds	5.00	3.60
Developed Market Bonds	3.00	4.51
US Equity	20.00	8.10
Developed Markets	18.00	8.58
Emerging Markets	10.00	9.87
Global REITS	3.00	6.70
Private Equity	5.00	10.90
Hedge Funds	3.00	7.14
Real Estate	5.00	6.82
Timber	2.00	7.55
Farm Land	2.00	8.39
Oil and Gas	2.50	8.55
EXPECTED PORTFOLIO RETURN	100.00	7.49%

The projected return when adjusted for investment management fees yields an expected discount rate of 7.23%, essentially equal to the valuation rate.

Base upon a 7.25% discount rate, the sensitivity to the Net Pension Liability based upon a $\pm 1.0\%$ change in the discount rate is as follows;

	<u>7.25%</u>	<u>6.25%</u>	<u>8.25%</u>
Employer' Net Pension Liability	580,884,357	801,657,934	358,168,548

EXHIBIT 6 (Continued)
GASB Statements 67/68 Disclosure

The discount rate should be the single rate that incorporates the following criteria:

1. The long term expected rate of return on pension plan investments that are expected to be used to finance the payment of benefits to the extent that (1) the pension plan's fiduciary net position is projected to be sufficient to make the projected benefit payments and (2) plan assets are expected to be invested using a strategy to achieve that return.
2. A yield or index rate for the 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher, to the extent that the conditions in (1) are not met.

CROSSOVER POINT and DISCOUNT RATE CASH FLOW ASSUMPTIONS

- Contributions to the plan consist of Normal Cost contributions at 16.64% of payroll, excluding administrative expenses, plus a Past Service liability amortization payment.
- Contributions and benefit payments are assumed to occur mid-plan year.
- DROP accounts are annuitized as part of the projected benefit payments.
- The assets are assumed to earn 7.25% per year, satisfying criteria (1).
- The plan is projected to be Fully Funded at the end of the 2028 plan year at which time all amortization schedules will be liquidated. The Crossover Point is the duration when projected assets would be insufficient to pay projected benefits therefore, since the Plan is projected to be fully funded there is no adjustment for criteria (2).
- The negative amortization payment beginning in 2029 is the amortization of the surplus offset by the cumulative amortization payments of the annual administrative expense experience loss which are projected to increase 1% per year.
