Statement Concerning Your Employment in a Job Not Covered by Social Security

Please type or print in ink all entries except signatures.

Employee and Employer Information

Employee Name: Last, First, MI, Suffix (Jr., III, etc.)	Social Security Number - attach a copy of card
Employer Name	Employer Agency (ID) Number

Your earnings from this job are not covered under Social Security. When you retire, or if you become disabled, you may receive a pension based on earnings from this job. If you do, and you are also entitled to a benefit from Social Security based on either your own work or the work of your husband or wife, or former husband or wife, your pension may affect the amount of the Social Security benefit you receive. Your Medicare benefits, however, will not be affected. Under the Social Security law, there are two ways your Social Security benefit amount may be affected.

Windfall Elimination Provision (WEP)

Under the Windfall Elimination Provision, your Social Security retirement or disability benefit is figured using a modified formula when you are also entitled to a pension from a job where you did not pay Social Security tax. As a result, you will receive a lower Social Security benefit than if you were not entitled to a pension from this job. This provision reduces, but does not totally eliminate, your Social Security benefit. For additional information, please refer to the Social Security publication, "Windfall Elimination Provision".

Government Pension Offset (GPO)

Under the Government Pension Offset, any Social Security spouse or widow(er) benefit to which you become entitled will be offset if you also receive a federal, state, or local government pension based on work where you did not pay Social Security tax. The offset reduces the amount of your Social Security spouse or widow(er) benefit by two-thirds of the amount of your pension.

For example, if you get a monthly pension of \$600 based on earnings that are not covered under Social Security, two-thirds of that amount, \$400, is used to offset your Social Security spouse or widow(er) benefit. If you are eligible for a \$500 widow(er) benefit, you will receive \$100 per month from Social Security, $\$500 - \$400 = \$100$. Even if your pension is high enough to totally offset your spouse or widow(er) Social Security benefit, you are still eligible for Medicare at age 65. For additional information, please refer to the Social Security publication, "Government Pension Offset."

Information about Statement Concerning Your Employment is Not Covered by Social Security

Federal legislation [Section 419(c) of Public Law 108-203, the Social Security Protection Act of 2004] requires state and local government employers to provide a statement to employees hired January 1, 2005, or later in a job not covered under Social Security. The statement explains how a pension from that job could affect future Social Security benefits to which they may become entitled.

LSERS Form 2SS, **Statement Concerning Your Employment in a Job Not Covered by Social Security**, is the document that employers with LSERS-covered employees should use to meet the requirements of the law. The form explains the potential effects of two provisions in the Social Security law for workers who also receive a pension based on their work in a job not covered by Social Security. The Windfall Elimination Provision (WEP) can affect the amount of a worker's Social Security retirement or disability benefit. The Government Pension Offset (GPO) can affect any possible Social Security benefit entitlement as a spouse or an ex-spouse.

Employers must:

- Give the LSERS Form 2SS for all LSERS-covered employees
- Get the employee's signature on the form; and
- Upload a copy of the signed form to LSERS when enrolling the new LSERS eligible employee
